Please send us your comments by 14 October, 2017.

What happens next?

Following this second exhibition, we will submit our outline planning applications, one for development to the north of railway line, and one for development to the south of the railway line.

You will be able to comment on the applications in North Hertfordshire's consultation process. We will consult with you further on the detail of the proposals when we prepare further planning applications

Thank you for taking the time to visit our exhibition.
